Heated

Author's Notes:
For the drabble \"heat\" challenge. Though I took it a step further and turned it into a poem as well.

The heat of his body
Pressing against me
The heat of his breath
Brushing my neck

The heat of his arm
Draping across my waist
The heat of his fingers
Swirling patterns on my chest

The heat of my body
Radiating to his touch
The heat of our lips

Wanting and ready

The heat of our fingers
Entwine by our sides
The heat of my legs
Wrapping around his waist

The heat of friction
Racing between us
The heat of breath
Screaming from our lips

The heat of sweat
Rolling down our bodies
The heat of smiles
Painting across our faces
